

Korean Language Program

Hankyong National University (HKNU), located in the metropolitan area, is a national university, providing a **practical and convergent education** that leads the global era.

It boasts a systematic educational environment for international students and international exchange, and is growing into a trusted educational institution through a reliable educational curriculum and a student-centered support system.

In particular, the Korean language curriculum is a regular training program designed not only to improve Korean language proficiency, but also to facilitate adaptation to Korean society and culture.

Qualified Korean language instructors, a step-by-step curriculum, and diverse cultural experiences maximize learning outcomes.

Hankyong National University will be a **strong partner** to help global talent to prepare for their studies and future in Korea.

- **Ranked TOP in employment rate for 3 consecutive years**

Ranked TOP in employment rate for 3 consecutive years among national universities

- **Selected as Job Bridge for 5 consecutive years**

Participating in the Gyeonggi-do Job Bridge Project

- **Scholarships for International Students**

Scholarships are provided upon admission upon obtaining a TOPIK (Test of Proficiency in Korean) score.

- **Located just 1 hour from Seoul**

The only national university in Gyeonggi Province, close to Seoul, the capital of South Korea.

Korean Language Program

The Korean Language Program (KLP) is operated by the International Cooperation Center and offers systematic Korean language classes each semester.

Classes are structured step-by-step, focusing on listening, speaking, reading, and writing. Various programs are also offered to help students experience Korean culture and adjust to university life. This program not only improves Korean language skills but also serves as a foundation for future university admission.
